## **Who This Workshop Is For**

**High School Juniors and Seniors** who:

- Plan to **major or minor in music** (performance, education, composition, or technology)
- Want to understand how to qualify for and maximize scholarship opportunities
- Need help preparing for auditions, applications, and financial paperwork

**Parents** who:

- Want clarity about **music school costs, auditions, and timelines**
- Want their student to make **smart, financially informed college choices**
- Value access to **expert guidance from real college faculty and admissions professionals**

 *Families who complete this course save time, reduce stress, and gain confidence — turning talent into tangible scholarship dollars.*

## **What You'll Learn**

Organized around the **4 Essential Phases of Scholarship Success:**

## 1 Discover

- Understand the true cost of college music programs.
- Learn how scholarships are awarded — and where to find them.
- Hear directly from college music professors about what schools look for in applicants.

## 2 Prepare

- Develop your audition materials — repertoire, résumé, recordings, and recommendations.
- Organize your deadlines and application checklist.
- Receive feedback from **music faculty and admissions professionals** on how to strengthen your profile.

## 3 Apply

- Navigate applications, essays, and financial aid forms with confidence.
- Learn from **college admissions committee members** how to communicate effectively and avoid common mistakes.
- Craft personalized outreach messages to faculty and scholarship offices.

## 4 Perform & Follow Up

- Gain expert audition coaching and mock interview experience.
- Learn how to follow up professionally after auditions to strengthen scholarship consideration.
- Understand how to compare offers and make financially smart decisions.

## Expert Guidance You Can Trust

This course is led by **John M. Seybert, Ph.D.**, a **college professor and former music admissions specialist** who has guided hundreds of students to successful auditions and scholarship offers.

Dr. Seybert brings years of experience teaching in **nationally recognized high school and collegiate music programs** — providing a deep understanding of what faculty and committees look for in prospective students.

In addition, participants will attend **exclusive live sessions with College Music Professors and Admissions Committee Members**, offering direct insight into the decision-making process and how to stand out among applicants.

## Why Families Love This Program

### For Students:

- Confidence in every audition and interview
- A clear plan for applying and following through
- Insider advice from **real college professors and admissions professionals**

### For Parents:

- Clear understanding of the music scholarship process
- Practical guidance on finances, timelines, and next steps
- Peace of mind knowing your student has expert support from start to finish

“Before this course, we had no idea how scholarships worked. Afterward, our son had multiple offers and full confidence in his auditions — we saved thousands in tuition!”

— *Parent of Senior Music Major, Class of 2025*

## **Common Questions**

### **Do I have to know which schools we're applying to?**

No — we'll help you explore and choose programs that fit your student's musical and financial goals.

### **Can parents participate?**

Absolutely! Parents are encouraged to attend sessions to fully understand the process.

### **Is this only for performance majors?**

No. It's perfect for any student auditioning for a **music major or minor** — performance, education, composition, or technology.

### **Will my student get to interact with college faculty?**

Yes! Your student will participate in **live Q&A sessions and workshops with current college professors and admissions committee members.**
